

# BARCODE STICKERS

## How to use our barcode stickers

1. Use a new sheet for each shipment.
2. Apply a white sticker to the BOL.
3. Start at the top and apply the yellow stickers in order.
4. Apply **ONLY ONE STICKER** on each handling unit. Apply to a side, not top or bottom of unit.
  -  ✓
  -  ✗
5. If shipping less than eight handling units, throw out the unused stickers.
  - 
6. If you ship more than eight handling units, write your own label, replacing the last three digits with 009 for the ninth unit, and so on.
  - 

**! Damaged Sticker?**  
**STOP!** Start a new sticker sheet to relabel your freight in sequence.

## ARE YOUR STICKERS UP TO DATE?

Three letters    11 digits

- Yellow background
- A check digit
- The last three digits range from 001-008
